Design and branding
are becoming a **bottleneck**

The brand today have no more than 7 seconds to make a first impression, so the brand needs to be well-designed from the get-go

80% of consumers think that color is a big part of brand recognition

Dynamic content is 58% more effective for building strong branding

Unique *dynamic design* is
a solution but **it's not affordable**

Modern businesses, especially SMEs
lack instruments and skills for creating unique
dynamic content

Most of affordable design studios
can't provide competitive design solutions

> 90%

of websites on the internet are built
using super easy and not attractive
forms.
